

# CURLY LAMP

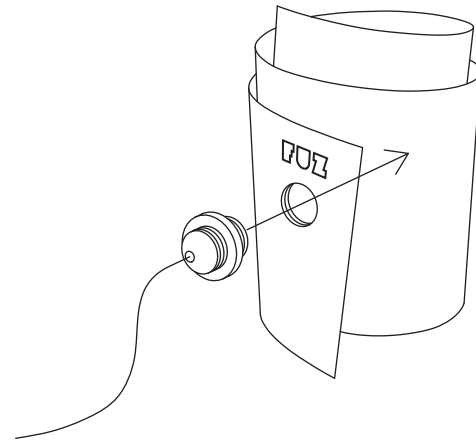

## ASSEMBLY INSTRUCTIONS

1.

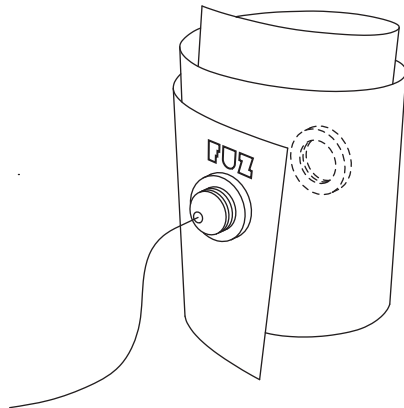

Remove the lamp shell from box and place on surface. FUZ logo must be on outside and right side up for proper assembly.

2.

Remove first lock ring from lamp socket. Curl shell until 3 holes line up with FUZ logo on outside. Insert socket through all 3 holes in shell.

3.

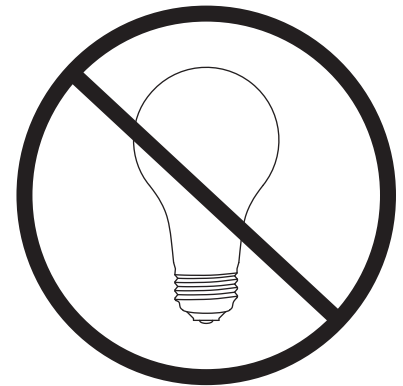

Screw lock ring onto end of socket inside the lamp. Hand-tighten until lamp shell is secure. Adjust angle of shell loops for even spacing.

4.

**YES**

**NO**

**WARNING:** Use compact fluorescent bulbs only. Using an incandescent bulb may result in fire risk. If you are unsure of which type of bulb to use, please contact FUZ.

# FUZ

Unusually smart. Sustainably produced. And made in the USA.
